A. Nature of Organization:

Hickory Grove Village Condominium Association, Inc. (the Condominium) was incorporated on July 28, 2010, in the State of New York. The Condominium is responsible for the operation and maintenance of the common property within the development. The development consists of 76 residential units located in Cheektowaga, New York.

B. Summary of Significant Accounting Policies:

1. Fund Accounting:

The Condominium's governing documents provide certain guidelines for governing its financial activities. To ensure observance of limitations and restrictions on the use of financial resources, the financial statements reflect accounts using fund accounting methods. Financial resources are classified for accounting and reporting purposes in the following funds according to their nature and purpose:

Operating Fund – This fund is used to account for financial resources available for the general operations of the Condominium. Disbursements from the fund are generally at the discretion of the Board of Managers.

Reserve Fund – This fund is used to accumulate financial resources designated for future major repairs and replacements. Disbursements from the fund may be made only for their designated purposes.

Inter-fund Balances – These balances generally arise when cumulatively through the balance sheet date one fund pays expenses or receives revenue of another or has, otherwise, borrowed from the other.

2. Use of Estimates:

The preparation of financial statements, in conformity with generally accepted accounting principles, requires the Condominium to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
